

Actors' Equity Association was founded 1913 as the first of the American actor unions. Equity's mission is to advance, promote and foster the art of live theatre as an essential component of our society. Today, Equity represents more than 40,000 actor's, singers, dancers and stage managers working in hundreds of theatres across the United States. Equity members are dedicated to working in the theatre as a profession, upholding the highest artistic standards.

Equity negotiates wages and working conditions and provides a wide range of benefits including health and pension plans for its members. Through it's agreement with Equity, this theatre has committed to the fair treatment of the actors and stage managers employed in this production.

AEA is a member of the AFL-CIO and is affiliated with FIA, an international organization of performing arts unions.
